

上海理工大学中英国际学院
The Sino-British College, USST

2025 INTERNATIONAL PROSPECTUS

An International University College in Shanghai

Why Shanghai?

Shanghai is home to China's financial system and automobile industry, making it the business and engineering center of China. Thousands of the world's biggest companies have chosen Shanghai to be their first trial into the Chinese economy and SBC is offering you the same opportunity.

Studying at SBC provides you with a chance to be right in the centre of a city with 24 million people who together have created China's most diverse, innovative, wealthy and enjoyable life. Because of its location, SBC offers you something others do not have: international food, amazing nightlife, museums, theme parks (including Shanghai Disney), shopping malls, art galleries, global sporting events and Sporting events, etc.

Apart from this, Shanghai also offers students various internships, ranging from top companies to innovative start-ups. We, SBC and Shanghai, will offer you a fantastic start to your undergraduate campus life, one that will help you build a successful and promising future.

Celebrating Our Students' Success

Oscar SUWANDI (Indonesia)

Business Management 2+2 Graduated 2018

Obtained a bachelor's degree in Business Administration from Salford University in 2018

For me, having both British and Chinese higher education background and learning and life experience is indeed very unique and has great advantages. At Sino British International College, I gained a lot of practical professional knowledge and language skills, which help me achieve better career development and future planning all the time.

Weijie Wu (Chinese)

Electrical and Electronic Engineering 2+2 Graduated 2019

First class (Honours) Bachelor's degree in electronic and electrical engineering from Sheffield University in 2019

Master's degree in UCL Cambridge joint training integrated optoelectronic system in 2019. He is currently studying for a doctorate at Cambridge University

During my two years at SBC, I always required myself to keep improving, and finally successfully entered Sheffield University driven by high standards and high requirements. Influenced by the strong style of study, I further improved myself under the care and cultivation of my tutor, I made up my mind to specialize in optoelectronic semiconductor and chose my current major.

ALEX DE DIEGO BOSCH (Spain)

Graduated Business Management 4+0(3+0)

Shanghai was just the change I was looking for. This city is insane. SBC people made my last university year here easy to manage, they really helped a lot so I could adapt myself into unit way of do things. The fact of have been studying and doing and internship in shanghai really helps when you look for a first job wherever around the world you want to go

Lucy Espagnol (FRANCE)

Business Management 2+2(1+2) Studying at the University of Bradford since 2017

The complexity of SBC's course increases gradually over the first two years. This design and the course content prepared us for success in the UK. I highly recommend the sandwich year option. The sandwich year provides real-world internship experience, and then students return to SBC for one final year of study.

Michael (Indonesia)

Graduated Mechanical Engineering 4+0 (3+0)

Currently working for Huawei in Jakarta

Living and studying in China has really benefited my career and the experience really helped me get my job for the Chinese company Huawei.

Splendid USST Dual Bachelor Degrees Programme

Since September 2020, SBC and USST offer students a fantastic and unique opportunity to earn both a British bachelor degree and a Chinese bachelor degree. If international students have a strong desire to learn Chinese, they can be dual enrolled. After four years of study at SBC, students can earn both a British bachelor degree certificate from either the University of Huddersfield, Liverpool John Moores University, or Sheffield Hallam University and a Chinese bachelor degree certificate from the University of Shanghai for Science and Technology (USST).

SBC and USST will provide Chinese lessons and language learning equipment to all students on the Dual Bachelor Degrees Programme. If the students are unable to achieve a Chinese language level of HSK 4 they will not be eligible to graduate from USST but still can graduate with a British bachelor degree.

Dual bachelor degrees delivered in Shanghai

BA (Hons) Business Management	 上海理工大学 UNIVERSITY OF SHANGHAI FOR SCIENCE AND TECHNOLOGY	 Sheffield Hallam University Knowledge Applied
BA (Hons) Events Management	 上海理工大学 UNIVERSITY OF SHANGHAI FOR SCIENCE AND TECHNOLOGY	 University of HUDDERSFIELD Inspiring global professionals
BEng (Hons) Electrical and Electronic Engineering	 上海理工大学 UNIVERSITY OF SHANGHAI FOR SCIENCE AND TECHNOLOGY	 LIVERPOOL JOHN MOORES UNIVERSITY
BEng (Hons) Mechanical Engineering	 上海理工大学 UNIVERSITY OF SHANGHAI FOR SCIENCE AND TECHNOLOGY	 LIVERPOOL JOHN MOORES UNIVERSITY

Single Bachelor Degree Programme

To understand the Single Bachelor Degree Programme of SBC, There are two things we need to clarify.

•What does PATHWAY mean at SBC?

Pathways	In Shanghai at SBC	In the UK
4+0	Four years in Shanghai at SBC, including Foundation Year	No period of study in the UK but there are opportunities to visit
3+0	No Foundation Year Three years in Shanghai at SBC	
2+2	Two years in Shanghai at SBC, including Foundation Year	Final two years in the UK
1+2	No Foundation Year One year in Shanghai at SBC	

Tips: The difference between 4+0 and 3+0 is the entry year of an applicant entering into SBC, if she/he enters into SBC year 1 then the pathway is 4+0 but if it's SBC year 2 then the pathway is 3+0. This rule also applies to pathway of 2+2(1+2).

•What kind of courses will you learn in the first 1 or 2 years at SBC?

International Foundation Year (SBC Year 1)

SBC's International Foundation Year is organized and accredited by the educational charity NCUK. When you complete NCUK's International Foundation Certificate in Business or Engineering, you will have achieved a firm grounding in British University education with a qualification that is accepted across the world. You will also be automatically enrolled in one of SBC's Single Bachelor Degree Programmes.

International Bachelor Degree Year 1 (SBC Year 2)

In both Business and Engineering, SBC's degree year is organized and accredited by NCUK. Students completing this year are guaranteed a place at one of SBC's 9 UK partner Universities or a place on one of SBC's bachelor degree programmes delivered entirely in Shanghai.

•For international applicants of the 4+0(3+0) pathway, four majors are available from which to choose.

BA (Hons) Business Management	
BA (Hons) Events Management	
BEng (Hons) Electrical and Electronic Engineering	
BEng (Hons) Mechanical Engineering

Important Information

Introduction from senior lecturers

Dr. Jeffery Wang (Head of School of Business and Management)

The school of Business and Management partners with several UK institutes to offer internationally accredited curriculums covering the complete landscape of business and management, with academic rigor and real world relevance, and in an all English-speaking environment. At our school, students study with educators from Europe, North America, and Asia, with first-class resources and opportunities both domestic and international, and with classmates who are inspired, driven, and inquisitive. The school is a place for students to develop their literacy and numeracy skills, critical thinking, and compassion, and for them to get ready to become a business leader in this ever-changing world.

Dr. Adrian Chong (Head of School of Engineering and Computing)

The Sino-British College's School of Engineering and Computing is a leading institution delivering undergraduate programmes. We emphasise real-world learning experiences, collaborations with industry partners, and cultivating balanced individuals. Our teaching members are experienced professionals, offering experiential learning opportunities. We aim to provide a comprehensive, innovative engineering education that prepares students for successful careers.

Accommodation

SBC's International Student Accommodation is situated on campus. You will enjoy being in the center of one of the most international, cosmopolitan, and vibrant global cities.

SBC's international accommodation offers incoming students a choice of either two-person rooms or four-person rooms. SBC's campus provides a 24-hour security service, which ensures the safety of all students.

Learning Chinese

Non-Dual Degree International Students are entitled to free Chinese lessons. They are not compulsory and do not factor into the final award classification.

SBC's Chinese language programme follows the HSK system. The longer students study with us, the higher HSK rating they can achieve. HSK 4 is the grade required to enter a Chinese state university and demonstrates a high fluency level.

Career Development

At SBC, training and expertise are offered to all students who would like to find an internship or obtain legal employment in Shanghai. Our Career Service Team enjoys strong relationships with top companies in Shanghai, many of whom send representatives to talk to students on campus. In previous years SBC graduates have worked for; Jebson Motors, Disney, Huawei, KPMG, Standard Chartered, PWC, Saatchi & Saatchi, Accenture, and many more.

--------------	-----------------	--------------------	------------------------------------	-----------------------------

Chinese Language Requirements

HSK 3 or above.

For more information about HSK test please look at the official website of this test. <http://www.chinesetest.cn/index.do>

Cost of Study

Tuition Fee at SBC:

CNY 100,000 / Year (Same for both the Dual Bachelor Degrees Programme and the Single Bachelor Degree Programme)

NCUK Registration Fee at SBC:

CNY 5,000 / Year (Only students of Single Bachelor Degree Programme need to pay in SBC year 1 and SBC year 2)

Accommodation Fee at SBC:

CNY 15,000-18,000 / Year (Shared 2-bed room)

Book Fee

CNY 1,500 (Only SBC year 1 students need to pay)

Insurance Fee

CNY 600 / Year or CNY 800 / Year (The cooperative company shall provide services, and the specific price shall be subject to the quotation of the cooperative company)

Repeating EAP fee at SBC

CNY 10,000 / Year (This fee applies to an international student of SBC year 2 who doesn't pass EAP course in SBC year 1. Besides, if the SBC-year-2 applicant doesn't have the IELTS 5.5 or the other equivalent English language qualification, this repeating EAP fee is also required.)

The cost in the UK varies depending on location and choice of university for students of the 2+2(1+2) pathway of the Single Bachelor Degree Programme.
